INDEPENDENT AUDITORS' REPORT

The Supervisory Committee and Board of Directors
Puerto Rico Federal Credit Union
Guaynabo, Puerto Rico

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS:

AUDITORS' OPINION

We have audited the accompanying financial statements of the Puerto Rico Federal Credit Union ("the Credit Union") which comprise the statements of financial condition as of December 31, 2023 and 2022, and the related statements of income and expenses, changes in members' equity, comprehensive income and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Credit Union as of December 31, 2023 and 2022, and the results of its operations, changes in members' equity, comprehensive income and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CHANGE IN ACCOUNTING PRINCIPLE

As discussed in Note 2 to the financial statements, the Credit Union changed the way it accounts for its allowance for credit losses for the year 2023. The cumulative effect of the change in accounting principle resulted in an adjustment to the opening balance of undivided earnings in the amount of \$966,880.

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Credit Union and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

MANAGEMENTS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Credit Union's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Credit Union's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Credit Union's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

EMPHASIS OF A MATTER

Allowance for Credit Losses on Loans Held in Portfolio (receivable): Quantitative Models and Qualitative Adjustments

As described in Note 2 of the financial statements, the Credit Union follows the Current Expected Credit Losses (CECL) model to establish and assess the Allowance for Credit Losses (ACL) to cover expected losses in the loan portfolio. As of December 31, 2023, the allowance for credit losses represented \$2,377,562 out of a total loan portfolio of \$144,193,570.

This CECL model establishes a prospective methodology reflecting expected credit losses over the life of financial assets. The quantitative model framework includes competitive risk scenarios to generate defaults and prepayments over the life of the assets, along with other loan-level modeling techniques to estimate loss severity. As part of this methodology, management evaluates various macroeconomic scenarios and may apply probability weighting to the outcome of selected loss scenarios. The ACL also includes a qualitative framework addressing expected but unobservable losses within the quantitative model framework. To identify potential losses not captured through the models, management assessed model limitations as well as the different risks covered by the variables used in each quantitative model.

The main considerations for determining performance procedures related to the allowance for credit losses in quantitative models and qualitative adjustments were: (i) significant management judgment in determining the allowance for credit losses, including qualitative adjustments to financial instrument portfolios, which involved a high degree of effort, judgment, and subjectivity on the part of the auditor, in executing procedures and evaluating audit evidence related to the allowance for credit losses; and (ii) audit effort included the use of professionals with specialized skills and knowledge.

These procedures also included, among others, testing the process for estimating the allowance for credit losses by: (i) assessing the methodology used, including models for estimating the ACL; (ii) assessing the reasonableness in the selection of macroeconomic scenarios selected by management, including probability weighting applied to the outcome of expected losses; (iii) evaluating the reasonableness of qualitative adjustments to the allowance for credit losses of loan portfolios; and (iv) testing the data used in the allowance for credit losses.

Puerto Rico Federal Credit Union
STATEMENTS OF CASH FLOWS
For the years ended December 31, 2023 and 2022

Supplemental Disclosures of Cash Flow Information

Interests and dividends paid for the years ended December 31, 2023, and 2022 were approximately \$2,660,899 and \$1,145,047, respectively.

Also, during the years ended December 31, 2023 and 2022, change in comprehensive net income (loss) were recognized for \$1,245,681 and (\$7,104,779), respectively.

Also, during the year ended December 31, 2023, changes in accounting principle for cumulative first day adjustment of CECL were recognized for \$966,880.

The accompanying notes are an integral part of the financial statements.

1. ORGANIZATION

Puerto Rico Federal Credit Union ("Credit Union") is located in Guaynabo Puerto Rico and was organized and chartered under the Federal Credit Union Act ("The Law"). The Credit Union is organized to promote thrift among its members by receiving savings from its members in the form of shares and deposits to provide sources of financing. Its powers are limited to those granted in its regulations and the Law. The Credit Union is governed by the rules established in its statutes and the regulations issued by the National Credit Union Administration (NCUA), the regulatory entity. As of December 31, 2023, and 2022, the NCUA insured the Credit Union shares members' accounts up to \$250,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements are presented following the accounting principles generally accepted in the United States of America (U.S. GAAP). The most significant policies are as follows:

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change include the determination of the allowance for loan losses.

Reclassifications

Certain figures in the accompanying 2022 financial statements were reclassified to conform to the 2023 presentation.

Tax Exemption

The Credit Union, their subsidiaries or affiliates shall be exempt from all kinds of income, property, patent, or any other tax imposed or imposed later by the Commonwealth of Puerto Rico or any political subdivision thereof. Several previous laws eliminated the exemption from excise taxes and from the sales and use tax (IVU) on the purchases of goods and services by credit unions.

All members' shares and securities issued by credit unions and by any of their subsidiaries or affiliates are exempt, including the total value and the dividends or interests paid in accordance with them, from any types of contributions from revenues, property, excise taxes, municipal taxes or other taxes imposed or then later could be imposed by the Commonwealth of Puerto Rico or any of its political subdivisions.

Cash and Cash Equivalents

For purposes of the cash flow statements, the Credit Union considers cash and cash equivalents, the change fund, current accounts in local banks, money market accounts and certificates of deposit that have a maturity date of three months or less from the date of purchase. Certificates of deposit with a maturity date in excess of 90 days from the date of purchase are presented in a separate line in the statement of financial condition.

Restricted Cash

The Credit Union adopted the ASU 2016-18 Accounting Standard, to identify its restricted cash in the statement of financial condition and in the statement of cash flows. Restricted cash is an asset that is reserved for a particular purpose primarily to satisfy regulatory or contractual requirements. Restricted assets subject to these specific requirements are segregated from other assets to mark clear boundaries of their use.

Concentrations of Credit Risk

Financial instruments that potentially subject the Credit Union to credit risk include cash balances and certificate of deposits with several financial institutions located in Puerto Rico and the United States, which were insured for up to \$250,000 by the U.S. Federal Deposit Insurance Corporation (FDIC). The balances may exceed amounts insured by the FDIC. Credit risk for loans receivable and share accounts are also concentrated since most of the Credit Union's members are in the Puerto Rico geographical area.

Loans to Members

The Credit Union extends credit to its members through personal loans, auto loans, mortgages, credit cards and lines of credit. During 2023 and 2022, the Credit Union originated loans with an aggregated dollar value of approximately \$78,320,111 and \$53,637,000, respectively. Loans are stated at the amount of unpaid principal, reduced by an allowance for loan losses and net origination fees. Interest on loans to members is recognized over the terms of the loans and is calculated on principal amounts outstanding.

The accrual of interest on loans is discontinued at the time the loan is 60 days delinquent unless the credit is well-secured and in the process of collection. Past due status is based on contractual terms of the loan. In all cases, loans are placed non-accrual or charged-off at an earlier date if collection of principal or interest is considered doubtful. All interest accrued but not collected for loans that are placed nonaccrual or charged-off is reversed against interest income. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Investment in Marketable Securities

Investments are made in accordance with the Credit Union's policies, which incorporate the regulations of National Credit Union Administration (NCUA), hence they are principally invested in federally sponsored and guaranteed financial instruments. Marketable securities mainly consist of agency securities and obligations issued by the United States Government, obligations of United States corporations, and securities collateralized by mortgages on residential, commercial, and other assets in the United States. Investment securities are classified into two categories and accounted for as follows:

Classified as held-to-maturity

Debt securities that the Credit Union intends and has the ability to hold until maturity are classified as held-to-maturity debt securities and are recorded at amortized cost. An allowance for credit losses (ACL) is established for expected credit losses over the remaining term of the held-to-maturity debt securities.

The Credit Union has established a methodology for estimating credit losses that considers qualitative factors, including internal credit ratings and the underlying payment source to determine the amount of expected credit losses. Held-to-maturity debt securities are adjusted through the ACL when a portion or all the amount is considered uncollectible, based on the information considered to develop expected credit losses over the asset's life.

There may be certain financial assets for which the expectation of zero credit loss after evaluating historical loss information, making necessary adjustments for current conditions and reasonable and sustainable forecasts, and considering any collateral.

Factors to consider when evaluating whether expectations of zero credit loss are appropriate may include, among others:

- A financial asset that is fully collateralized by cash or cash equivalents;
- Principal and interest payments guaranteed by the government of the United States of America.

The Credit Union cannot sell or transfer held-to-maturity securities without questioning its intention to hold the debt securities until maturity unless a non-recurring or unusual event has occurred that could not have been reasonably anticipated.

Classified as available-for-sale

Debt securities classified as available-for-sale are recorded at fair value. Decreases in fair value below amortized cost of securities not related to estimated credit losses are recorded through comprehensive income. If the Credit Union intends to sell or believes it is more

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

likely than not to be required to sell the debt security, it is written down to its fair value through operations.

The Credit Union's available-for-sale securities portfolio is primarily composed of United States Treasury bonds and obligations of the United States Government. These securities have an explicit or implicit guarantee from the government of the United States, have high ratings from major rating agencies, and have a long history without credit losses. Therefore, the Credit Union applies a zero-credit loss assumption, and no ACL has been established for these securities.

The Credit Union monitors the composition of its securities portfolio and credit performance to determine if any provision is considered necessary. Available-for-sale debt securities are written off when a portion or all the amount is considered uncollectible, based on the information considered to develop expected credit losses over the asset's life. The specific identification method is used to determine realized gains and losses on available-for-sale debt securities, which are included in net gain or loss on the sale of debt securities in the income statement.

Deferred Loan Origination Costs

The Credit Union adopted ASC 310-20, Fees and Other Non-Reimbursable Costs, this standard establishes that direct costs in granting credit be deferred and amortized, and that the income generated in the borrowing activity by commissions is also recognized through the life of the loans.

Accounting Standards Update (ASU) from FASB - Financial Instruments: Credit Losses (Topic 326)

The Expected Credit Losses (CECL) model is applied to financial assets measured at amortized cost that are subject to credit losses and certain exposures outside of the balance sheet. CECL establishes a prospective methodology that reflects expected credit losses over the life of financial assets, beginning when such assets are acquired or originated. Under the revised methodology, credit losses are measured based on past events, current conditions, and reasonable and supportable forecasts that affect the recoverability of financial assets. CECL also revises the approach for recognizing credit losses on securities available for sale by replacing the direct write-off approach with the allowance approach and limiting the credit reserve to the amount by which the market value of the security is below amortized cost.

As a result of the adoption, the Credit Union recorded an increase in its allowance for credit losses related to its loan portfolio. The adoption of CECL was recognized under the Weighted Average Remaining Maturity (WARM) approach. Therefore, adjustments to record the increase in the reserve for credit losses were recorded as a decrease in the surplus for the implementation year as a first-day adjustment. The total adjustment, as a result of

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

the cumulative effect in accounting change, on capital or undivided earnings related to the adoption of CECL was \$966,880.

Allowance for Credit Losses

The Credit Union establishes the allowance for credit losses (ACL) for its loan portfolio based on its estimate of credit losses over the remaining contractual term of the loans, adjusted for expected prepayments, in accordance with ASC 326 "Financial Instruments - Credit Losses." An ACL is recognized for all loans, including originated and acquired loans, from inception, with a corresponding provision for credit losses charge. Losses on loans are charged by reducing the ACL, and recoveries are credited as increases.

The Credit Union follows a methodology to estimate the ACL that includes a reasonable and justifiable forecast period to estimate credit losses, considering both quantitative and qualitative factors as well as the economic outlook. As part of this methodology, management evaluates various macroeconomic scenarios provided by third parties. As of December 31, 2023, management applied probability weighting to the outcomes of selected scenarios. This assessment includes comparison procedures as well as careful analysis of the underlying assumptions used to construct the scenarios. The Credit Union considers additional macroeconomic scenarios as part of its qualitative adjustment framework.

The macroeconomic variables chosen to estimate credit losses were selected by combining quantitative procedures with expert judgment. These variables were determined as the best forecasts of expected credit losses within the Credit Union's loan portfolios and include indicators such as unemployment rate, various measures of employment levels, housing prices, gross domestic product, and measures of disposable income, among others. The determined loss framework includes a reasonable and justifiable period, with historical macroeconomic variables at the model input level.

The Credit Union developed quantitative models at the loan level segmented by loan type. This segmentation was determined by evaluating their risk characteristics, including repayment sources, terms, collateral type, among others.

To generate expected credit losses, the output of these models is combined with information on historical losses based on weighted averages and estimated life of the developed segments.

The Credit Union has designated collateral-dependent loans when foreclosure is probable or when foreclosure is not probable but practical history is used. Practical history is used when payment is expected to be substantially provided through the sale or foreclosure of collateral. The ACL for collateral-dependent loans is measured based on the fair value of the collateral fewer selling costs. The fair value of the collateral is based on appraisals, which may be adjusted due to their age, and the type, location, and condition of the property or

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

area or general market conditions to reflect the expected change in value between the effective date of the appraisal and the measurement date.

Modified Loans

The Credit Union applied ASU 2022-02 "Debt Modifications for Troubled Debt Restructurings." The ASU eliminates accounting guidance for troubled debt restructurings (TDR) by creditors who have adopted Topic 326 of the Accounting Standards Codification (ASC) and enhances disclosures for certain loan restructurings when a borrower is experiencing financial difficulties.

ASU 2022-02, or Accounting Standards Update 2022-02, is an accounting standard issued by the Financial Accounting Standards Board (FASB) that may have specific implications for disclosure of restructured loans under TDR agreements.

Loan Portfolio Quality Indicators for Consumer Loans

The Credit Union measures the various credit risks of its portfolio by loan types. The delinquency, and credit score quality information per member and customer are quality indicators that the Credit Union monitors and utilizes in assessing credit quality.

Credit Score Quality Information

Consumer Loans - The use of risk classifications in consumer loans allows management to estimate their exposure to different types of risk. The Credit Union has established policies to evaluate application for loans using FICO credit scores, among other information, provided by major credit reporting agencies. A FICO score is a credit score developed by a third party that take information and analyze it to predict consumer behavior, such as how likely someone is to pay their bills on time or not, or whether they are able to handle a larger credit line. Generally, the FICO score range is 300 to 850, with the higher number representing less risk to the lender.

Credit Quality Levels, Credit Score and Loans to Members' Risk Exposure

The different levels of risk of loss established internally by the Credit Union according to the FICO credit scores are as follows:

Level 1 - 720 or more, member has little or no additional risk.

Level 2 - 719 to 670, member represents a nominal risk of loss.

Level 3 - 669 or less, member is experiencing some degree of financial difficulty, and represents a potential risk of loss.

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

These levels are reviewed periodically, as well as other statistics and external factors, to monitor the performance of the portfolio.

Loan Charge-off Policies

The Credit Union's quality control process includes preparing lists to monitor and track delinquent loans. Tracking the loans on these lists enables management to assess the performance of the loan portfolio and act to mitigate risk therein through necessary changes in policy and procedures. The quality control process also serves as a tool to assist the Credit Union in identifying loans for charge-off on a timely basis. All loans will be charged-off once deemed uncollectible.

Generally, non-performing loans are deemed to be a loss when they become three months delinquent unless it is determined prior that there is no collectability based on the established loan life collections process. This process includes well defined procedures and guidelines used to identify, monitor, and address non-performing loans and when they should be considered for charge-off.

Comprehensive Income

Accounting principles generally require revenue, expenses, gains, and losses to be included in net income. Certain changes in assets and liabilities, such as unrealized gains and losses on investment securities, are reported as separate components of members' equity in the statements of financial condition.

Other Accounts Receivable

Accounts receivable are stated at their net realizable value.

NCUSIF Deposit

The deposit in the National Credit Union Share Insurance Fund (NCUSIF) is accordance with National Credit Union Administration (NCUA) regulations, requiring the maintenance of a deposit by each insured credit union in an amount equal to one percent (1%) of its insured shares. The deposit would be refunded to the credit union if: (1) the insurance coverage is terminated, (2) The Credit Union converts to insurance coverage from another source; (3) the operations of the fund are transferred from the NCUA Board.

Property and Equipment

Property and equipment are recorded at their acquisition cost. Improvements that extend the useful life of the asset are capitalized. Maintenance and repairs that do not extend the useful life of such assets are expensed as incurred. Depreciation and amortization are calculated using the straight-line method over the estimated useful life of the related asset.

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

Management evaluates the carrying amount of property and equipment when events or changes in circumstances indicate that the carrying amount of such asset may not be recoverable. The recoverability of the asset that will be used and retained is determined by comparing the carrying amount to the future undiscounted cash flows expected to be generated by the asset.

If it is determined that an impairment in the value of any fixed asset has occurred, the difference between the future undiscounted cash flows and the carrying amount of the property and equipment is recognized against operations for the year.

For the years ended December 31, 2023, and 2022, the Cooperative did not recognize impairment losses on fixed assets.

Right of Use Assets

Lease contracts, which were identified as operating leases, are recognized on the balance sheet as a right-of-use asset (ROU) and in liabilities as lease liabilities for those with terms exceeding one year.

Lease liabilities and their corresponding ROU assets are initially recorded based on the present value of future lease payments over the expected lease term. An incremental borrowing rate is used, which is the rate at which borrowing could be obtained on a collateralized basis over a similar term in an amount equal to the lease payments. The ROU asset may include initial direct costs paid for the lease and incentives paid to the lessor.

Leased property, including variable lease payments made during the lease term and not based on a rate or index, is excluded from the measurement of ROU assets and lease liabilities, and recognized as lease expense as incurred.

Repossessed Properties

Properties acquired through foreclosure or other types of liquidation are recorded at fair market value less estimated disposal costs. The difference between the loan's carrying amount and the fair market value less the cost of sale is recorded as an adjustment to the ACL. After the property is foreclosed, any impairment loss arising from periodic revaluations of the properties, as well as any gains or losses from the sale of these properties, are charged against operations in the period incurred. The cost of maintenance and operation of such properties is recorded as expense as incurred.

Members' Shares Accounts

The dividend rates are set by the Credit Union's Board of Directors based on an evaluation of current and future market conditions. Dividends on members' shares accounts are based on available earnings at the end of the corresponding period and are not guaranteed by the

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

Credit Union. Dividends are credited to the members' share accounts on the last day of the month for which dividends are declared. Members share accounts are subordinated to all other liabilities of the Credit Union upon liquidation.

Members' Equity

Puerto Rico Federal Credit Union is required by regulation to maintain a statutory reserve ("Regular reserves"); representing a regulatory restriction of members' equity, and thus these regular reserves are not available for the payment of dividends on share accounts. The statutory reserve consists of \$2,947,255 for both years 2023 and 2022. Other appropriated members' equity amounts may be established or transferred at the discretion of the Board of Directors.

Advertising and Promotional Costs

Advertising and promotional costs are included in education and promotional expenses and are expensed as incurred.

Fair Value of Financial Instruments

The Credit Union adopted ASC 820, which defines the concept of fair value, establishes a consistent framework for measuring fair value, and expanded disclosures on fair value measurements.

Determination of Fair Value

Pursuant to ASC 820 provisions, the Credit Union determines fair value by the price that would be received to sell the asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Credit Union seeks to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurement, in accordance with the fair value hierarchy provided by ASC 820.

The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

In some cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. The level in the fair value hierarchy within which the fair value measurement falls entirely will be determined based on the lowest-level input that is significant to the entire fair value measurement.

Below is a summary of the hierarchy used by the Credit Union to classify various financial instruments:

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

- *Level 1 Input* - They correspond to prices quoted (unadjusted) in active markets for active or passive identical to which the entity can access the date of measurement. The active market for the asset or liability is the market in which transactions for the asset or liability occur frequently and there is enough volume to continuously provide information about pricing.
- *Level 2 Input* - Correspond to prices quoted for similar assets or liabilities in active markets, quoted prices for assets or liabilities that are identical or similar in markets that are not active, that is, markets in which there are few transactions for the asset or liability, the prices are not current, price quotations vary substantially, either in time or between those who make the market (for example, a principal-to-principal market); inputs other than quoted prices that are observable in the asset or liability (for example, interest rates, yield curves, speeds of pre-payment, severity of losses, credit risks, and failure to pay rates); and inputs that are mainly derived from or are corroborated by observable data through correlation or other means (confirmed by the market inputs).
- *Level 3 Input* - They are unobservable inputs for the asset or liability. Unobservable inputs are used only for the measurement of fair value in the way that the observable inputs are not available, what happens in situations where there is little activity in the market, if any, for the asset or liability at the date of measurement.

Subsequent Events

The Credit Union adopted ASC 855, relating to Subsequent Events. ASC 855 establishes general standards for the accounting and disclosure of events that occurred after the date of the balance sheet but before the date of issuance of the financial statements.

Specifically, it establishes the period after the date of the balance sheet during which the Credit Union's management must evaluate events or transactions that may have occurred and would need to be recorded or disclosed in the financial statements, the circumstances under which the Credit Union should recognize and disclose such events, and the type of disclosure that should be provided for these events that occurred after the date of the balance sheet.

3. CASH, CASH EQUIVALENTS AND RESTRICTED CASH

As of December 31, 2023, and 2022, the balance of cash, cash equivalents and restricted cash consisted of the following:

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

	<u>2023</u>	<u>2022</u>
Operating accounts	\$ 8,797,937	\$ 21,954,362
Savings and money market accounts	11,489,357	7,314,169
Change fund and petty cash	894,915	867,961
Total cash and cash equivalents	<u>\$ 21,182,209</u>	<u>\$ 30,136,492</u>
Restricted cash	109,290	140,592
Total cash, cash equivalents and restricted cash	<u>\$ 21,291,499</u>	<u>\$ 30,277,084</u>

The Bank deposits are insured by the Federal Deposit Insurance Corporation (FDIC) and National Credit Union Association (NCUA) up to \$250,000 per institution. At December 31, 2023 and 2022, the bank balance of deposits in commercial banks amounting to approximately \$21,365,950 and \$21,094,494, respectively, exceeded the amounts covered by federal depository insurance limits. There was no bank balance of deposits exceeding the NCUA depository insurance limits at December 31, 2023 and 2022 and the balance of deposits in *Banco Cooperativo* amounting to approximately \$1,228,361 and \$1,349,721 and were uninsured at December 31, 2023 and 2022, respectively.

Restricted Cash

The Credit Union adopted the ASU 2016-18 Accounting Standard, to identify its restricted cash in the statement of financial condition and in the statement of cash flows. Restricted cash is an asset that is reserved for a particular purpose primarily to satisfy regulatory or contractual requirements. Restricted assets subject to these specific requirements are segregated from other assets to mark clear boundaries of their use. As of December 31, 2023, and 2022, the Credit Union had deposited \$109,290 and \$140,592, respectively, in restricted cash for the payment of property taxes and insurance on properties that serve as collateral under mortgage loans.

4. CERTIFICATES OF DEPOSITS

As of December 31, 2023, and 2022, the Credit Union maintains certificates of deposits mostly in denominations of equal or less than \$250,000. The schedules maturities at the end of period were as follows:

	<u>2023</u>	<u>2022</u>
Due in one year or less	\$ 1,320,094	\$ 997,000
Due after one year through three years	4,895,989	3,687,279
Due after three years through five years	602,590	2,154,989
Total certificates of deposits	<u>\$ 6,818,673</u>	<u>\$ 6,839,268</u>

During the year ended December 31, 2023, management determined that no expected credit losses were anticipated for unrealized securities. This analysis considered various factors including, but not limited to, issuer performance indicators, default rates, industry analyst reports, credit ratings, and other information.

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

Contractual cash flows are expected to occur. As a result of this evaluation, management determined that no credit loss provisions were required for the years ended December 31, 2023 and 2022.

The available for sale debt securities portfolio reflects unrealized losses of approximately \$6,985,540 and \$8,231,221 required for the year ended December 31, 2023 and 2022, respectively, primarily driven by fixed-rate US Treasury securities and mortgage-backed securities, which have been impacted by a decrease in their fair value due to rising interest rates.

The amortized cost and estimated fair value of investment securities at December 31, 2023 and 2022, by contractual maturity, are shown below. Investment expected maturities may differ from original contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

<u>Due Date</u>	<u>2023</u>		<u>2022</u>	
	<u>Amortized Cost</u>	<u>Market Value</u>	<u>Amortized Cost</u>	<u>Market Value</u>
Due in one year or less	\$ 3,508,489	\$ 3,486,094	\$ 1,481,456	\$ 1,457,095
Due in one to five years	13,087,771	12,052,603	12,140,374	11,247,154

Total	<u>\$ 296,101</u>	<u>\$ 11,471</u>	<u>\$ 202,481</u>	<u>\$ 67,950</u>

Loans to Related Parties

Certain officers, directors, and employees had loans with the Credit Union during 2023 and 2022. Such loans were in the ordinary course of business at normal credit terms including interest rates and collateralization and do not represent more than a normal risk of collection. Total loans outstanding to these related parties at December 31, 2023 and 2022, amounted to \$690,004 and \$839,921, respectively. The following table presents the movement of the loans to related parties during the years ended December 31, 2023 and 2022, and shares collateralizing such loans at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Beginning balance of loans	\$ 839,921	\$ 871,318
Originations	82,545	217,560
Collections	<u>(232,462)</u>	<u>(248,957)</u>
Ending balance of loans	<u>690,004</u>	<u>839,921</u>
Shares	<u>\$ 112,498</u>	<u>\$ 476,050</u>

7. ACCRUED INTEREST RECEIVABLE

At December 31, 2023 and 2022, the following were the components of accrued interest receivable:

	<u>2023</u>	<u>2022</u>
Accrued interests on loans	\$ 361,843	\$ 284,909
Accrued interests on investments	<u>197,796</u>	<u>195,665</u>
Total accrued interest receivable	<u>\$ 559,639</u>	<u>\$ 480,574</u>

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

8. INVESTMENT IN CORPORATE CREDIT UNION

As of December 31, 2023, and 2022, the balance of the investment in the Corporate One Federal Credit Union & Alloya Corporate Federal Credit Union was \$1,153,480 and \$1,148,382, respectively. This deposit is not subject to the insurance of the National Credit Union Insurance Fund or other deposit insurance.

9. PROPERTY AND EQUIPMENT

As of December 31, 2023, and 2022, the property and equipment were composed of the following:

	Useful Life (in Years)	2023	2022
Buildings	40	\$ 3,755,120	\$ 3,718,620
Furniture and fixtures	1-10	1,202,396	1,004,773
Vehicle	5	14,500	14,500
Information systems	3-5	1,589,138	1,627,840
Assets held under operating leases	2-10	122,491	160,936
		<u>6,683,645</u>	<u>6,526,669</u>
Less accumulated depreciation and amortization		<u>(4,432,138)</u>	<u>(4,210,721)</u>
		2,251,507	2,315,948
Land		<u>3,352,787</u>	<u>3,352,787</u>
Total property and equipment		<u><u>\$ 5,604,294</u></u>	<u><u>\$ 5,668,735</u></u>

Depreciation and amortization expense for the years ended December 31, 2023 and 2022, was approximately \$289,337 and \$276,461, respectively, and is included in occupancy and related expense.

10. FORECLOSED AND REPOSSESSED ASSETS

As of December 31, 2023 and 2022 the change in the fair value of repossessed automobiles and other properties, which was determined using Level 3 inputs, is presented below:

	2023	2022
Balance, at the beginning of the year	\$ 116,926	\$ -
Properties repossessed during the year	73,500	225,037
Repossessed properties sold during the year	(123,200)	(100,000)
Losses realized on sales and provisions	<u>(37,226)</u>	<u>(8,111)</u>
Balance, at the end of the year	<u><u>\$ 30,000</u></u>	<u><u>\$ 116,926</u></u>

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

11. PREPAID EXPENSES AND OTHER ASSETS

As of December 31, 2023 and 2022 the other assets were composed of the following:

	<u>2023</u>	<u>2022</u>
Prepaid expenses	360,321	289,404
Deposits and security bonds	46,398	46,398
Accounts receivable	42,091	10,731
Others	87,881	115,866
Total other assets	<u>\$ 536,691</u>	<u>\$ 462,399</u>

12. MEMBERS' SHARES AND SAVINGS ACCOUNTS

As of December 31, 2023 and 2022 members' shares accounts are summarized as follows:

	Weighted-Average Dividend Rate at December 31	<u>2023</u>	<u>2022</u>
Shares drafts	0.10%	\$ 4,065,367	\$ 4,749,104
Regular shares	0.37%	104,097,399	117,646,837
Christmas and summer clubs	1.00%	2,324,680	8,207,764
Master certificates	5.00%	5,910,000	-
Share certificates	3.82%	80,941,546	42,290,064
Total members shares accounts		<u>\$ 197,338,992</u>	<u>\$ 172,893,769</u>

At December 31, 2023, scheduled maturities of share certificates for the next five years are as follows:

<u>Year ending December 31,</u>	<u>Amount</u>
2024	\$ 62,189,441
2025	9,913,359
2026	9,026,066
2027	3,786,300
2028	1,788,380
Thereafter	148,000
	<u>\$ 86,851,546</u>

Share and deposit amounts up to \$250,000 per ownership interest are federally insured through the National Credit Union Share Insurance Fund. Individual deposit account

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

balances exceeding \$250,000 at December 31, 2023 and 2022, totaled \$8,870,621 and \$7,508,576, respectively.

At December 31, 2023 and 2022, interest expense on members' shares, savings accounts and borrowed funds is summarized as follows:

Type	2023	2022
Regular shares	\$ 334,155	\$ 363,792
Share drafts	4,249	4,552
Christmas and summer clubs	53,761	156,642
Share certificates	2,370,365	623,915
Total interest expense on members' shares and savings	2,762,530	1,148,901

13. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

As of December 31, 2023 and 2022 the composition of accruals and other liabilities is as follows:

	2023	2022
Accrued payroll and related	\$ 88,227	\$ 74,165
Accrued liabilities	385	28,672
Accounts payable	823,061	489,407
Auto loan registration	15,777	26,013
Escrow accounts	109,290	140,592
Lease liability	122,491	160,936
Other	605,270	139,388
Total accruals and other liabilities	\$ 1,764,501	\$ 1,059,173

14. LEASES WITH RIGHT OF USE

The Credit Union maintains lease contracts classified as operational for its branches. The agreement between the parties – Credit Union and lessor – stipulates that the contracts would have a renewable expiration.

None of these extensions of renewable terms were included in the estimated lease debt, as it has not been reasonably determined that the options will be exercised. As of December 31, 2023 and 2022, the assets with the right to use and the related debt were as follows:

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

	<u>2023</u>	<u>2022</u>
Lease contracts classified as operational- net of amortization	122,491	160,936
Debt on operating lease	<u>\$ 122,491</u>	<u>\$ 160,936</u>

15. OTHER INCOME (EXCLUDING INTEREST)

The other income, excluding interest income, for the years ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
ATM card fees	\$ 199,249	\$ 185,293
Share draft fees	19,228	20,726

Total other operating expenses	<u>878,862</u>	<u>789,782</u>
Total other expenses (excluding interest)	<u>\$ 6,051,790</u>	<u>\$ 5,237,253</u>

17. EMPLOYEE BENEFIT PLAN

The Credit Union maintains a 401k employee benefit plan that substantially covers all of its employees. A Credit Union makes contributions to the plan as follows (1) the Credit Union will make a match of employee contributions up to a maximum of 3% of their basic salary. In addition, the Credit Union will provide half of each additional percent that the employee contributes up to a maximum of 2% of the employee basic salary (2) the Credit Union may make other discretionary contributions of its undivided earnings. During the years ended as of December 31, 2023 and 2022, the Credit Union determined not to contribute additional amounts from their undivided earnings to the employee benefit plan. During the years ended December 31, 2023 and 2022, Puerto Rico Federal Credit Union contributed \$29,528 and 29,399, respectively, to the employee benefit plan.

18. UNCERTAINTIES, COMMITMENTS AND CONTINGENCIES

Exposure of the Cooperative and Puerto Rico's Fiscal Situation

The credit quality of the Credit Union's loan portfolio necessarily reflects, among other things, the general economic conditions in Puerto Rico and other adverse conditions affecting Puerto Rico, its consumers, and businesses. The effects of the prolonged recession are reflected in the limited demand for loans, an increase in foreclosure rates, and loan moratoriums granted in Puerto Rico.

While PROMESA provides a process to address Puerto Rico's fiscal crisis, the duration and complexity of Title III proceedings for the Puerto Rican government suggest a risk of further economic contraction.

This could have an impact on Puerto Rico's economic activity where the Credit Union conducts its business. The accompanying financial statements do not include adjustments related to the effect of uncertainties related to Puerto Rico's economic conditions and their effects on the Credit Union.

Interest Rate Risk

Interest rate risk is the exposure of the economies and the current or future capital of a cooperative to adverse changes in market rates. This risk is a normal part of the risks managed by financial institutions and cooperatives. Proper management of this risk results in a significant source of profitability and value for cooperatives; However, excessive interest rate risk can strain economies, capital, liquidity, and solvency of financial institutions. During the years ended December 31, 2023 and 2022, the effect of the monetary policy of the Federal Reserve of the United States of America, regarding the pace of interest rate increases, has pressured the balance sheets of financial institutions in general, specifically on the aforementioned items. As of December 31, 2023, the Credit Union was closely measuring and monitoring this risk to anticipate and effectively control any adverse effects that may arise from exposure to it.

Litigation

The Credit Union has no other legal claims that normally are associated with the ordinary operations of a financial institution.

Off-Balance Sheet Risk

The Credit Union is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its members and to reduce its own exposure to fluctuations in interest rates. These financial instruments include commitments to extend credit. Those instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the statements of financial condition.

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

The contract or notional amounts of those instruments reflect the extent of involvement the Credit Union has in particular classes of financial instruments.

Commitments to extend credit are agreements to lend to a member as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses. Since many of the commitments may expire without being fully drawn upon, the total commitment amounts do not necessarily represent future cash requirements. As of December 31, 2023, and 2022, the total unfunded commitments under such credit cards and lines-of-credit were approximately \$7,659,290 and \$6,780,325, respectively. The Credit Union evaluates each member's creditworthiness on a case-by-case basis. The amount of collateral obtained, if any, is based on management's credit evaluation of the member.

19. FAIR VALUE MEASUREMENTS

Financial Assets Recognized at Fair Value on a Recurring Basis

As of December 31, 2023, and 2022, the Credit Union had held to maturity securities and available for-sale securities for which fair value measurement is required on a recurring basis:

Asset Class	Fair Value	Fair Value Measurement At Reporting Date Using:		
		Level 1	Level 2	Level 3
December 31, 2023				
Investment securities	\$ 38,782,047	\$ 38,782,047	-	-
December 31, 2022				
Investment securities	\$ 38,158,640	\$ 38,158,640	-	-

Financial Assets Recognized at Fair Value on a Non-Recurring Basis

The Credit Union may be required, from time to time, to measure certain assets at their fair value on a non-recurring basis in accordance with U.S. GAAP. These fair value adjustments usually result from applying the lower of cost or market accounting or impairment in value of individual assets. The valuation methodology used for these fair value adjustments is described above.

The level of inputs used to determine each adjustment and the carrying value of the related asset as of December 31, 2023, and 2022, are summarized below:

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

Asset Class	Fair Value	Fair Value Measurement At Reporting Date Using:		
		Level 1	Level 2	Level 3
December 31, 2023				
Assets acquired in liquidation of loans	\$ 30,000	-	-	\$ 30,000
December 31, 2022				
Assets acquired in liquidation of loans	\$ 116,926	-	-	\$ 116,926

Estimated Fair Value

The carrying value of financial instruments and their estimated fair value as of December 31, 2023, and 2022, are summarized below:

	December 31, 2023		December 31, 2022	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial Assets:				
Cash and cash equivalents	\$ 21,291,499	\$ 21,291,499	\$ 30,277,084	\$ 30,277,084
Certificates of deposits	6,818,673	6,818,673	6,839,268	6,839,268
Investment securities	38,832,265	35,786,605	38,262,929	35,786,605
Loans receivable (net of unamortized deferred origination fees)	144,193,570	136,902,396	110,032,103	104,896,216
Less: allowance for loan losses	(2,377,562)	(2,377,562)	(1,322,291)	(1,322,291)
Accrued interest receivable	559,639	559,639	480,574	480,574
Assets acquired in liquidation of loans	30,000	30,000	116,926	116,926
	<u>\$ 209,348,084</u>	<u>\$ 199,011,250</u>	<u>\$ 184,686,593</u>	<u>\$ 177,074,382</u>
Financial Liabilities				
Members' shares accounts	<u>\$ 191,428,992</u>	<u>191,428,992</u>	<u>\$ 172,893,769</u>	<u>172,893,769</u>
Off- Balance Sheet Financial:				
Commitments to extend credit	<u>\$ 7,659,290</u>	<u>\$ 7,659,290</u>	<u>\$ 6,780,325</u>	<u>\$ 6,780,325</u>

Fair value is an estimate of value at a specific point in time and is not relevant in predicting future cash flows or earnings. Estimated fair values are based on subjective assumptions and contain a significant degree of uncertainty. They do not reflect the effect of potential income taxes or other expenses that may be incurred in the disposition of financial instruments.

20. REGULATORY CAPITAL

As of December 31, 2023, and 2022, the Credit Union's net worth to total assets ratio is categorized as "well capitalized" as per the most recent call report. To be categorized as "well capitalized", the Credit Union must maintain a minimum net worth ratio of 7% as defined under the regulatory framework provisions of Section 38 of the FDI Act. Credit Unions whose net worth ratio falls below 7% will be subject to Prompt Corrective Actions requirements.

Puerto Rico Federal Credit Union
NOTES TO FINANCIAL STATEMENTS
For the years ended December 31, 2023 and 2022

The Credit Union net worth ratio at December 31, 2023 and 2022 follows:

Period	PRFCU Actual		
	Net Worth Amount	Net Worth to Total Assets Ratio (1)	PRFCU Category (2)
2023	\$ 26,250,092	12.01%	Well Capitalized
2022	\$ 27,933,961	14.42%	Well Capitalized

- (1) In performing its calculation of total assets, the credit union used the monthly average over the quarter option, as permitted by regulation.
- (2) There are no conditions or events since the most recent Call Report that management believes have changed the Credit Union's category.

Under capital adequacy regulations and the regulatory framework for Prompt Corrective Action, the Credit Union must meet specific capital regulations that involve quantitative measures of the Credit Union's assets, liabilities, and certain off-balance sheet items as calculated under generally accepted accounting principles. The Credit Union's capital amounts and net worth classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

21. SUBSEQUENT EVENTS

The Credit Union evaluated subsequent events up to March 14, 2024, the date when these financial statements were ready to be issued. The Credit Union's management believes that there are no significant subsequent events as of December 31, 2023, that should be recorded in the financial statements or require additional disclosure in the notes to the financial statements.
